

...Reliable Heavy Duty

HIGHLIGHTS

- ✗ Heavy duty design with IP67 waterproof plug
- ✗ Easy operation with reomovable physical safety key.
- ✗ Electrode with flexible cable
- ✗ Dual 9V batteries

ZEB ECO Blaster

DESCRIPTION

The ZEB ECO BLASTER is a simple Shock tube Initiator for open pit to be used worldwide in surface blasting operations with non-electric detonators.

The blaster includes everything needed to start a surface blasting operation. Every unit comes with ignition electrode, batteries and a removable key.

- ✗ No need to use additional electric detonators or wires, while saving shock tube length.
- ✗ The heavy-duty housing of the blaster is colored signal orange, to allow a better visibility while working outdoors.
- ✗ Waterproof coded push-pull connectors for the ignition electrode allows a fast setup of the equipment.

ACCESSORIES

If the flex-electrode cable is damaged or missing a replacement is available. Centering caps and ignition electrodes are wear-parts and need to be replaced periodically.
